Part A: Pupil premium strategy plan

Statement of intent

Cawthorne's Endowed Primary School is a small rural school which currently has a very low number of pupil premium pupils.

We aim to ensure that pupils be given the best possible chance to achieve their full potential through the highest standards of Quality First Teaching, focused support and through a broad and balanced curriculum. We believe the additional provision delivered through the Pupil Premium funding should be available to all pupils within school who we know to be disadvantaged and vulnerable, irrespective of whether they are eligible for the funding. There is no expectation that all Pupil Premium funded pupils will receive identical support.

The school considers best ways to allocate Pupil Premium money annually following rigorous data analysis and the careful consideration of the needs of the pupils undertaken termly through assessment and pupil progress meetings between the Headteacher and class teachers. Through pupil premium funding we ensure we have in place; whole-school approaches that impact on all pupils, focused support to target under-performing individuals and groups of vulnerable/ disadvantaged pupils. Specific support targeting pupil premium pupils.

We have a dedicated staff team which ensures the Pupil Premium funding impacts positively on achievement, attendance and emotional and pastoral care. The Headteacher is responsible for monitoring provision and outcomes, and the wider staff team to implement and evaluate provision. The Headteacher alongside the staff team regularly evaluates the outcomes of pupil premium children compared to other pupils in school and also in line with their projected age-related progress to ensure the correct strategies and provision are in place. As with every child in our care, a child who is in receipt of the pupil premium is valued, respected and entitled to develop to their full potential.

The ultimate objectives for our pupils who are in receipt of pupil premium are:

- **To continue to ensure the outcomes for pupils in receipt of pupil premium are at least in line with those of peers in school across the curriculum and where possible exceed it.**

We believe that all our pupils benefit from high quality teaching every day and we ensure our strategy provides for this with further additional intervention through one to one and small group teaching. We have accessed this using our current staff in school.

- Ensure the well-being needs of all pupils in receipt of pupil premium funding are met to ensure they are on track to make or exceed expected progress and attainment.

At Cawthorne's Endowed School we know children must be ready to learn by ensuring their personal, social, emotional and developmental needs are met.

Part B: Review of outcomes in the previous academic year

Pupil premium strategy outcomes

This details the impact that our pupil premium activity had on pupils in the 2021 to 2022 academic year.

Our assessments and observations indicated that pupil behaviour, wellbeing and mental health were significantly impacted last year, primarily due to COVID-19-related issues. The impact was particularly acute for disadvantaged pupils. We used pupil premium funding to provide wellbeing support for all pupils, and targeted interventions where required. We are building on that approach with the activities detailed in this plan.

At the end of the academic year assessments showed that children in receipt of pupil premium made better than expected progress in Reading, Mathematics and Spelling, Punctuation and Grammar. In addition to this progress was also made with behaviour in school and wellbeing also saw an improvement.
